## DRUNK RIGHT NOW NA NA NA

### [Intro]

Am G F Am G

### [Verse 1]

It's been too long  
Since I've walked in this place  
I need something strong  
Off of that top shelf that can wash this week away  
Gimme a song  
That turns up these neon lights  
I'm gonna go shot for shot, and I won't stop  
Until I lose my mind

### [Chorus]

I wanna get drunk right now, na, na  
I wanna get drunk right now, na, na  
Everybody showing up right now, na, na  
Bartender, line 'em up right now, na, na  
I wanna get drunk right now, na, na  
I wanna get drunk right now, na, na  
I ain't the only one right now, na, na  
That wants to get drunk right now, na, na

### [Verse 2]

I know you're feelin' down  
When you seen your ex-girlfriend downtown  
You said you'd never be jealous, but she came around  
Now, I can't get you to calm down  
I know it ain't easy  
To walk away from somethin' you love so much  
I can't blame you, man, you gotta give up  
But he said, "It's this booze I trust"

### [Chorus]

I wanna get drunk right now, na, na  
Right now  
I wanna get drunk right now, na, na  
Ooh, yeah  
Everybody showing up right now, na, na  
Bartender, line 'em up right now, na, na  
Oh yeah  
I wanna get drunk right now, na, na  
Right now  
I wanna get drunk right now, na, na  
Right now  
I ain't the only one right now, na, na  
That wants to get drunk right now, na, na  
Ooh, yeah  
Right now

### [Bridge]

I don't wanna go home right now  
Right now  
I don't wanna be alone right now  
Right now  
No, I don't wanna think right now  
Right now  
Just wanna another drink right now  
Ooh, yeah

### [Chorus]

I wanna get drunk right now, na, na  
I wanna get drunk right now, na, na  
Ooh, yeah  
Everybody showing up right now, na, na  
Bartender, line 'em up right now, na, na  
I wanna get drunk right now, na, na  
Right now  
I wanna get drunk right now, na, na  
Right now  
I ain't the only one right now, na, na  
That wants to get drunk right now, na, na

### [Outro]

Right now  
Just want another drink right now  
Right now
